## October 2014 Newsletter

### Happy October, Green Team Teachers!

We hope your first month back to school has gone well. Thank you to all educators who have registered! We will be mailing Green Team kits to you soon.

Not yet registered? Please do so soon so we can send you this year's updated Green Team Kit, including the classroom poster and lesson plans! [Register Here.](#)

Once registered, you can apply for [recycling and composting equipment](#) and [idling reduction materials for your school!](#)

Please keep sending your great photos and notes about the great work you have been doing. We would be happy to post photos and stories to [THE GREEN TEAM Photo Gallery](#) and [GREEN TEAM Spotlight](#).

### School Programs, Resources, Competitions and Professional Development

- Do you have any budding reporters in your classroom? Join the National Wildlife Federation as they kick-off their annual [Young Reporters for the Environment Competition](#).
- A great homework resource for your students, [click here for the EPA's helpful science links!](#)
- An excellent resource for teacher curriculum from the EPA, "[Recipes for Healthy Kids and a Healthy Environment.](#)"
- A useful article from the USDA Blog, "[Creative Solutions to Ending Food Waste](#)". The article highlights the comprehensive solutions undertaken by a Virginia-based elementary school.

### October

**Oct. 8, 1-2 pm – Webinar** on how to nominate your school for the U.S. Department of Education's [Green Ribbon Schools](#) recognition program during the 2014-2015 school year. The award honors schools and districts that are exemplary in reducing environmental impact and costs, improving the health and wellness of students and staff, and delivering effective environmental and sustainability education that incorporates STEM, civic skills, and green career pathways. DESE asks that schools and districts submit non-binding letters of intent by **October 31** and final applications by **December 11, 2014**. If your school is interested in entering the competition, join the [webinar](#), or visit [Mass DESE's Green Ribbon School webpage](#) or the MA [the Energy Smart Blog](#).
