

Slash Trash Report

This is your baseline number

Before we started tracking our trash, we usually had _____ bags of trash each week. For four weeks, I kept track of how we slashed our trash by recycling, composting, reducing and reusing. Here are my results:

WEEK	WHAT DID YOU DO?	BAGS ELIMINATED
WEEK 1	WHAT DID YOU DO? We Recycled (circle): paper • glass • aluminum • metal cans • plastic • other: _____ We Composted (circle): leaves and grass • food scraps • other: _____	_____
WEEK 2	WHAT DID YOU DO? We Recycled (circle): paper • glass • aluminum • metal cans • plastic • other: _____ We Composted (circle): leaves and grass • food scraps • other: _____	+ _____
WEEK 3	WHAT DID YOU DO? We Recycled (circle): paper • glass • aluminum • metal cans • plastic • other: _____ We Composted (circle): leaves and grass • food scraps • other: _____	+ _____
WEEK 4	WHAT DID YOU DO? We Recycled (circle): paper • glass • aluminum • metal cans • plastic • other: _____ We Composted (circle): leaves and grass • food scraps • other: _____	+ _____

To find out how many bags of trash your family slashed, subtract the number of bags reported each week from the baseline number on line 1. Write this number in the “Bags Eliminated” column. Add up the number of trash bags eliminated each week. This is the impact you and your family made during the month.

Compare your results each week. How low did you go?

Total Bags Eliminated
= _____
This Month!
